PROFESSIONAL SUMMARY

Fourth-year Software Engineering student at Debre Markos University with a 3.94 GPA and hands-on experience building web applications. Skilled in Java, Python, C++, JavaScript, React, Flask, and MySQL, with additional exposure to Django and Node.js. Focused on full-stack development and database-driven applications that solve practical problems. Seeking a software engineering internship to contribute to real-world projects and grow alongside experienced developers.

EDUCATION

Debre Markos University, Ethiopia
Bachelor's Degree in Software Engineering | Expected Graduation: 2027 | GPA: 3.94
Relevant Coursework: Data Structures, Machine Learning, Artificial Intelligence, Distributed Systems

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, C++, JavaScript
- **Frontend:** HTML5, CSS3, React
- **Backend:** Flask, Java Servlets/JSP, REST API integration
- **Familiar With:** Django, Node.js
- **Database:** MySQL
- **Focus Areas:** Full-stack web development, database-driven applications

PROJECTS

Smart Electronics E-Commerce Web Application | Java Servlets, JSP, MySQL
- Built features for an academic e-commerce platform where users browse and manage electronic products.
- Implemented and tested shopping cart functionality and order workflows.
- Developed user authentication, MySQL database integration, and an admin interface for product management.

Weather Forecast Application | Python, Flask, OpenWeather API | Live Demo: weatherappsosna.onrender.com
- Developed a Flask web application that fetches and displays real-time weather data from the OpenWeather API.
- Deployed the application to the web using Render.

Consulting Company Website | React, JavaScript, CSS | Live Demo: 3aconsulting.vercel.app
- Developed a consulting company website using React, structuring the frontend into reusable components.
- Deployed the site on Vercel.

Personal Developer Portfolio | HTML, CSS, JavaScript | Live Demo: sosna12.github.io/MyPortfolio
- Designed and published a personal portfolio website showcasing technical skills and software projects.

CERTIFICATIONS AND TRAINING

- **Cisco Networking Academy:** Basic Python
- **5 Million Ethiopian Coders / EthioCoders:** Android Developer Fundamentals, Artificial Intelligence Fundamentals, Programming Fundamentals

ADDITIONAL INFORMATION

- **Project Experience:** Individual and group academic and personal projects
- **Career Interests:** Full-stack development, web application development, software engineering
- **Languages:** Amharic, English
